# SEVERN VALE AND PILNING

PARISH COUNCIL REPORT

March 2025

## Severn Vale and Pilning web pages

**There are 4 recorded burglaries on the Severn Vale and Pilning beat area for the month of February 2025.**

**The neighbourhood policing team have been working closely with our Op Remedy team and currently 4 suspects are in custody re burglaries and caravan thefts. Some of these suspects have been active throughout the UK and Avon and Somerset Constabulary have been working with the Metropolitan police to secure convictions for those involved.**

### **Burglary advice – how to help secure you home.**

**A secure home will reduce the chance of you getting burgled. Many domestic burglaries are committed by opportunists; criminals will look for homes that have little or no obvious security, have doors or windows left open or seem unoccupied.**

**Listed below are some top tips to help keep your home safe from thieves:**

- Installing an alarm system will help to deter burglars.**
- Ensure you have a robust, secure front door with British Standard approved locks and hinges. See the link in Related Information for detailed guidance from the Master Locksmiths Association.**

- **Install outside lighting, such as motion sensor lights so that intruders cannot approach without being seen.**
- **Lock your doors and windows every time you leave the house, even when you are just out in the garden.**
- **Consider installing CCTV, as this is good deterrent for thieves and if you are targeted, CCTV can provide valuable evidence.**
- **When you go out, leave radios or lights in your house on a timer to make the property appear occupied.**
- **Keep hedges and walls at the front of your house low (under one metre) so burglars have nowhere to hide.**
- **Keep side and rear boundaries high and add trellis or prickly defensive planting to make it harder for burglars to climb over.**
- **If you have a sliding patio door, check it has an anti-lift device fitted so it can't be lifted out of the frame.**
- **Move bins or garden furniture that could be used to reach windows.**
- **Ensure communal doors in flats / apartments are closed and secure and report any faults to your landlord or maintenance company.**
- **Never buzz anyone into the building that you do not know or let them follow behind you.**
- **Lock and secure any sheds and outbuildings.**
- **Property mark and register valuable items.**
- 

**Remember if you see or hear anything suspicious, please call the police on 999. Report any suspicious activity and take note of any registration numbers.**

**Two reports in February regarding youths on bikes driving dangerously along the road and sea wall. Police have pictures of those involved and investigations are underway to identify them. If anyone has any information contact your local beat team. Contact details at the end of this report.**

**No car meets in Severn Beach/Avonmouth have been reported to the police in February and we hope this continues. We will continue to monitor.**

**Police are still getting reports of HGV exceeding the weight limit restrictions in Hallen and Easter Compton. Thanks to members of the public supplying police with the registration numbers of vehicles involved, we have been able to contact the companies involved.**

## Fly tipping

**There have been less reports to police regarding fly tipping in February. It may be that it has been reported direct to South Glos Council which often is the case. One person responsible for fly tipping in Moor Lane was identified by the beat team and have been fined by South Glos Council.**

**Cannabis farms are often run by organised gangs who exploit vulnerable people and damage local communities.**

The victims never benefit from the crimes they are forced to commit.

Don't let it impact your community. Tell us.

**TAKE CONTROL**

**#NoPlaceForDrugs**

The neighbourhood policing team will be taking a day of action around drugs in Severn Vale and Pilning area and we hope to have positive news to report back to you next month. We are in the process of gathering intel.

The South Western Ambulance Service NHS Foundation Trust (SWASFT) has partnered with the Avon and Somerset Bleed Kit Partnership to support potentially lifesaving bleed kits.

The Avon and Somerset Bleed Kit Partnership, run by Avon and Somerset Police and Heartsafe UK, has been successfully working with communities in the South West to install over 500 bleed kits across the region, providing immediate aid in cases of severe bleeding before emergency services arrive. Now, with SWASFT's involvement, when a 999 call is received relating to life-threatening bleeding, call handlers will be able to identify the nearest bleed kit (using the Heartsafe UK mapping system), direct bystanders to it and support them in following the instructions where appropriate, improving the chances of survival.

These emergency kits are placed in key public locations, providing essential equipment to help control significant blood loss in the critical moments before emergency services arrive. While often associated with knife crime, bleed kits are designed to be used in any incident involving severe bleeding — from road traffic collisions and agricultural accidents to sporting injuries.

This collaboration underscores SWASFT's commitment to community safety and the importance of rapid intervention in life-threatening medical emergencies and is the first partnership of this kind with an ambulance service nationally.

Anyone wishing to support the partnership or purchase a kit for their community should contact Avon and Somerset Police directly at [communitybleedkit@avonandsomerset.police.uk](mailto:communitybleedkit@avonandsomerset.police.uk) or by visiting [www.heartsafe.org.uk/bleed-kit-homepage](http://www.heartsafe.org.uk/bleed-kit-homepage).

Members of the public can check the location of their nearest bleed kit by visiting: <https://www.heartsafe.org.uk/bleed-kit-map/>.

## Rogue Traders

**As rogue trader offences are not seasonal, we have decided to keep the information in this month's newsletter. Hopefully the word will get out there and those involved will get the message. We work closely with Trading Standards and will continue to do so.**

**Suspected rogue traders have recently been in Alveston power washing drives etc. They have tried to use aggressive tactics to convince homeowners to have work done on their property that is not needed or wanted. Shut the door and call the police. If you see any registration numbers, please pass these to the police. Do not engage with these individuals. They prey on the elderly and vulnerable!**

**If you feel pressured into having work done on your property and you are not offered 14 day cooling off period please call South Glos Trading Standards.**

**There are laws around these types of activities. Help us to help you.**

## Beat Surgery

**We now run a beat Surgery at the café in Alveston called 'The Square Bakehouse and coffee shop'. We look forward to seeing you there. Please look at the website for the dates and times of this and our other beat surgery in Almondsbury Community shop.**

## Avon and Somerset Police launches Bluetooth locating safety devices to boost award-winning Dementia Safeguarding Scheme

Avon and Somerset Police has announced the launch of a new Bluetooth locating Tile device as part of its acclaimed Dementia Safeguarding Scheme, which has provided protection for more than 1,600 people living with dementia.

This latest addition, supported by Life360, offers a discreet layer of safeguarding, enhancing the scheme's ability for family members and carers to locate vulnerable individuals quickly and accurately.

The Tile trackers enable location finding by leveraging Life360's global network of over 76 million smartphones, creating a 'network effect' that helps pinpoint the wearer's location in the event they go missing. Most importantly, the tile device location remains private and only visible to authorised family or carers.

The Tile also incorporates QR code functionality. When the QR code on the back of the device is scanned, it allows the next of kin or carer to be contacted directly via phone or text. Contact details are securely added during the device registration process in the Tile app, enabling fast connection if the wearer requires help.

Apart from the initial set-up, the device requires no maintenance, and the battery lasts for up to 3 years without any charge.

The Dementia Safeguarding Scheme was founded by Inspector Stuart King in 2015, following a rise in missing person incidents involving people living with dementia.

The scheme utilises the Herbert Protocol, which allows carers and families to upload vital information about their loved ones via the Avon and Somerset Police website. This information can be accessed instantly by police if a missing person search is required, significantly reducing the time spent locating them and helping to prevent potential harm.

To register a loved one in the Dementia Safeguarding Scheme or to find out more, visit [Dementia Safeguarding Scheme \(Herbert Protocol\) | Avon and Somerset Police](#)

Reports of drink/drug drivers can be made online at: [Report drink and drug driving | Avon and Somerset Police](#) or by calling 101. Alternatively reports can be made anonymously to the independent charity Crimestoppers on 0800 555111 and useful information is available on their website: [Drink and drug driving | Crimestoppers \(crimestoppers-uk.org\)](#). If someone is currently driving under the influence of drink or drugs, always call 999.

### Raise a community speed concern

If you are affected by speeding in your area, fill in the [raise a community speed concern form](#).

If you believe there is a speeding issue in your area, report it using the above form which can be found on the Avon and Somerset police website.

### Health & Happiness Hubs - Make Change Happen!

Health & Happiness Hubs are for people with long-term health conditions who are looking to make positive changes to their health, wellbeing and happiness!

Follow the below link:-

## Reporting anti-social behaviour

Anti-social behaviour (ASB) is the term given to behaviours and activities which cause harm or distress to an individual, community or neighbourhood. Neighbourhoods can be an area where you live, work, or visit often.

There are three main categories of ASB, depending on how many people are affected:

- **Personal** – when a person targets a specific individual or group.
- **Nuisance** – when a person causes trouble, distress or suffering to a community.
- **Environmental** – when a person's actions affect the wider environment, such as public spaces or buildings.

If you are affected by anti-social behaviour, you can report it either to us, or a local authority, depending on the type of behaviour.

If any local groups would like the local beat team to come and speak to you on crime prevention advice please contact PCSO Paula Perry on [paula.perry@avonandsomerset.police.uk](mailto:paula.perry@avonandsomerset.police.uk).

## Neighbourhood Watch Scheme

Local Neighbourhood Watch Schemes enable you and your neighbours to come together to have a say in the issues which matter to you in your community.

We have been committed to supporting Neighbourhood Watch throughout our force since its introduction in 1982.

### Useful Contacts

[Will.price@avonandsomerset.police.uk](mailto:Will.price@avonandsomerset.police.uk)

**Street Safe** StreetSafe is a service that allows you to report safety concerns in public places without giving us your name (anonymously). This includes issues like poorly lit streets, abandoned buildings, or vandalism, as well as instances where you feel unsafe due to someone following or verbally abusing you.

Please note: StreetSafe is not for reporting crimes or emergencies. If you witness a crime or emergency, please call the police on 101 or report a crime online. If you're unsure whether something is a crime or not, read our advice.

Examples of situations that should be reported to StreetSafe include a poorly lit alleyway that makes you feel unsafe or a park with broken equipment that poses a safety hazard.

**STREETSAFE**

If there is a public place where you have felt unsafe, tell us where and why.

Anonymously flag areas on a map where you don't feel safe.

## Walk and Talk

**Avon and Somerset Police are inviting women to meet with female police officers and PCSOs to show them areas in which they feel vulnerable or unsafe in their local communities.**

Walk and Talks are open to women aged 18 and above who wish to share their worries or concerns regarding their safety in the local area with officers.

## What to expect

You will be paired with a female police officer or PCSO

The walks will take place at a mutually convenient time for you

- They will last around 30 minutes
- They will be tailored to the areas you wish to address or discuss

This is an opportunity to raise any worries or concerns over your safety in your local area so the police, along with partner agencies, can see what they can do to improve women's safety on our streets. You can register for a visit by filling out our [Walk and Talk form](#).

## **Farm Watch**

**Rural crimes can be reduced by the use of Watch schemes.**

By using your knowledge and awareness of what is happening on and around your land, you can help to reduce crime and deter criminals.

### **Aims of the Farm Watch Scheme**

- To reduce local opportunities for rural crime.
- To reinforce the community spirit so that everyone can contribute towards the protection of their property by mutual co-operation and communication.
- To introduce early warning systems in farming and countryside areas.

To improve the intelligence flow between the agricultural communities and the police

### **How the aims are achieved**

- Text, email and landline voicemail alerts for members of the community.
- Intelligence gathered by police on all farm-related crimes and suspicious incidents.
- Visits from local PCSOs.
- Crime Reduction Officers can offer advice on securing property and, under certain circumstances, will visit farms to conduct a crime prevention survey.

### **Benefits of the Scheme**

- A reduction in crime and the fear of crime impacting on the community.
- Suspicious people and vehicles can quickly be reported to the police and other members of the countryside communities.
- Information and advice can be quickly and efficiently circulated between the police and the community.
- A crime vigilant community in partnership with the police will create a safer environment.

### **Join the Farm Watch Scheme**

To join the Farm Watch Scheme or to find out more information, email [ruralandwildlifeunit@avonandsomerset.police.uk](mailto:ruralandwildlifeunit@avonandsomerset.police.uk).

Suspicious activity should be monitored and recorded discreetly and reported to us quickly and accurately.

### **Get to know our Rural Affairs Unit**

Our Rural Affairs Unit work with rural communities to help reduce crime. Find out more about our [Rural Affairs Unit](#).

**Please remember to contact your local beat team.  
Help us to help you**
